Case Studies

Read through our detailed case studies and see how we have helped some of the UK's biggest brands.

Introduction

We cover the length and breadth of the UK for all types of High Specification commercial and industrial cleaning.

Nobody goes further than we do to ensure your job is carried out to the highest standards so that you have peace of mind.

At The Real Cleaning Company, we appreciate the importance of making sure your building looks impressive on both the inside and outside. With over 20 years' experience, we're readily equipped with the skills and expertise needed to deliver our professional deep cleaning services to your business.

Regardless of whether it's a high rise building, factory, shop or something else, we're dedicated to making sure that your building looks fantastic. We offer a wide range of high specification cleaning services, including industrial, shopfitting and external cleaning, as well as interior fit out cleaning.

From the moment you bring us on board, we ensure your job is carried out to the highest standards. To get started, we'll work alongside you to understand your individual needs, creating a plan that's tailored to your unique requirements. From here, we can recommend which of our cleaning services you will benefit from the most.

We are fully compliant with the necessary safety standards and regulations, and we take complete responsibility for each project from start to finish. For added peace of mind, you'll also have the opportunity to keep in touch with our client and operations management team every step of the way to make sure everything runs smoothly.

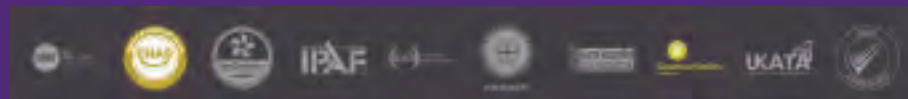

Our services are carried out by friendly, professional and uniformed staff. Each member of our team is a credit to our company, highly trained and armed with the skills and knowledge required to get the job done. Our staff are reliable, trustworthy and won't leave your premises until you are completely satisfied with everything they have done.

We ensure our vans are prepped for each job with the latest industry tools too. From pressure washers, steam cleaners, vacuums, scrubber-dryers and window cleaning equipment, we make sure we arrive with everything we need to cover any cleaning eventuality and achieve the high quality results you deserve.

We aim to take out the stress and hassle of maintaining the interior and exterior appearance of your business. To learn more about our range of services, don't hesitate to get in touch. Whether you're looking for cleaning services on a regular basis or it's just a one-off job, simply pick up the phone to talk to us and experience our exceptional customer service for yourself.

Accreditations

We take health and safety seriously and comply with all on-site regulations and we are fully accredited. We are a worksafe contractor and all of our cleaners are trained in occupational health and safety and COSHH.

About Us

Nationwide Quality Cleaning Service

Our offices are centrally based in the East Midlands, putting us in a great position to service your project in any location within the UK. Our multi-skilled operational teams can carry out any High Specification cleaning task you may require and do so to the highest standards achievable. No matter what the project requirements, we deliver on our promises enabling you to deliver on yours.

Certifications and Qualifications

Each High Specification cleaning team has a working supervisor who is IPAF, PASMA and FIRST AID at work trained. In addition, all our operatives have CSCS and ASBESTOS AWARENESS.

We are a Gold Member of ConstructionLine, certified with Safe Contractor, SMAS and CHAS Premium and have held SIPP accreditation since 2014.

Exemplary High Specification Cleaning Service

We begin by pricing your quote from an on-site visit or a drawing. Once we have sent you our fixed quotation it is final, there are no additional or hidden costs at any point. Whether it's scheduled work or a last-minute response, our teams will not leave your projects until you are entirely satisfied with our standards of work and you are happy to sign off our site-specific satisfaction form.

Our successful business has been built on repeat customers and our excellent reputation maintained largely on word of mouth recommendation. We take our role in creating and maintaining our excellent reputation very seriously.

**Going the
extra mile to
build great
relationships.**

Industrial Cleaning

At the Real Cleaning Company

We offer a wide selection of competitively priced professional industrial cleaning services. No location or building is too big or complicated for our experts to handle, and with over 20 years' experience, we are perfectly placed to get the job done.

We deliver an impressive range of industrial cleaning services, and we will work alongside you to create a bespoke solution that caters to your individual needs and requirements. Using the latest cleaning equipment and techniques, you can trust us to leave your premises gleaming from top to bottom.

Our industrial deep cleaning services

Are available for a variety of different business and building types. We offer the following cleaning services:

- Factory cleaning
- Distribution Centre Cleaning
- Warehouse Cleaning
- Brick and stone cleaning
- Car park cleaning
- Algae removal
- Graffiti removal
- Carpet cleaning
- High-level cleaning
- Industrial floor cleaning
- External Cladding Cleaning
- Kitchen Deep Clean

Exterior Cleaning Services

At the Real Cleaning Company

Skill set enables us to offer an exceptional range of external cleaning services, that can include, DOFF cleaning, builders clean, steam cleaning, pressure-washing at high-level and from MEWPs.

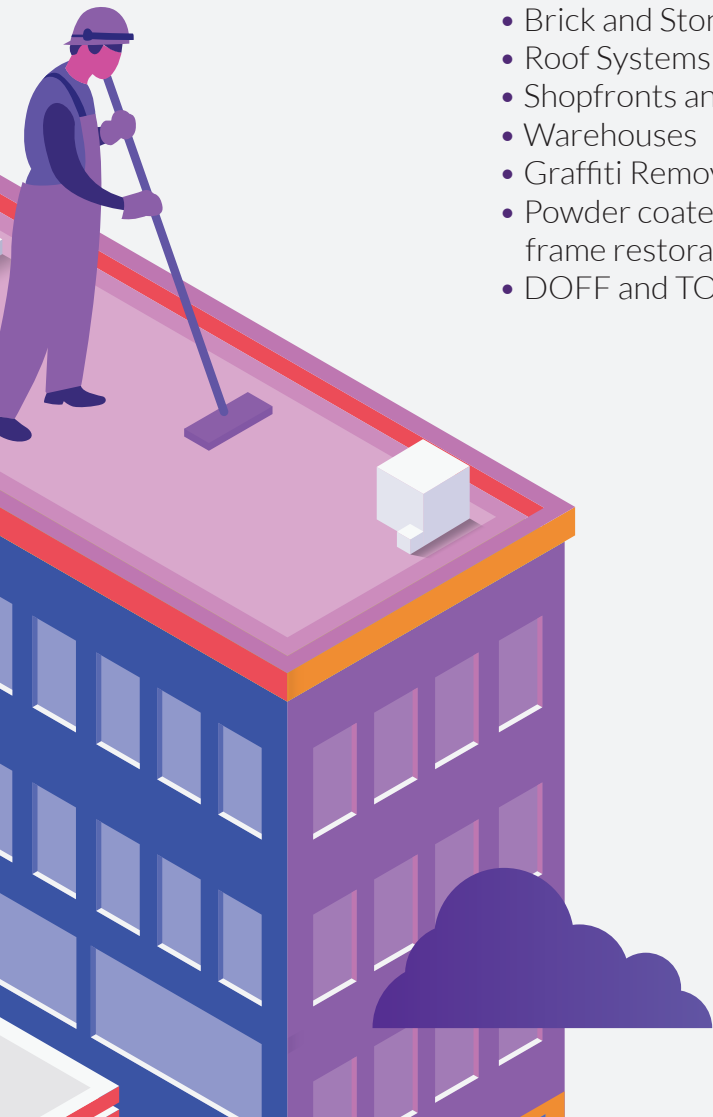

The appearance of a company's property, can positively affect its image, and interest in maintaining this aspect of a company has grown in recent years.

External cleaning is one of our core services and can be delivered as a standalone service or as part of a more complex solution. Our specialist equipment enables us to complete external cleaning from floor level using Reach & Wash® systems with carbon fibre extensions or from specialised access equipment with IPAF-certified operatives.

Our external cleaning services

- Cladding Cleaning
- Car Parks and Walkways
- Brick and Stonework Cleaning
- Roof Systems and Gutter Cleaning

do business.**

Our commercial cleaning services

- Professional carpet cleaning services
- Shopfitting
- Interior fit out
- Professional window cleaning services
- Washroom deep cleaning services

How It Works

01

We conduct an initial survey

After your initial enquiry, we will arrange to visit your premises in-person and conduct a survey. This will help our technicians determine exactly what type of work and equipment is required to successfully complete the project.

02

We develop a bespoke plan of action

From here, we will be able to work alongside you to develop a plan of action and confirm specific details, such as the time and date when the project will start. We will then send you a competitive quote for the work involved.

03

Our professional's complete the work

If you're satisfied with the quote we've provided, our team of experts will arrive at your premises on the date given to begin the work. Our technicians are friendly, professional and readily prepared with the appropriate clothing, as well as the latest industrial cleaning equipment and techniques. Our experts take the utmost pride in their work, following health and safety regulations to provide a high quality clean in a safe, efficient manner every time.

04

You sign off the project

Upon completion of the work, we will check that you are happy with the results. We'll then ask you to sign off and we will close the project. You'll also have the chance to book in your next clean to help you keep your premises looking its best at all times.

**To provide a
different
approach in
agile service
delivery.**

Why Choose Us?

As a leading industrial cleaning company, we have an excellent reputation which is constantly being proven by our clients' repeat business. We guarantee superb results for every project we take on, and you can trust us to leave your site looking great.

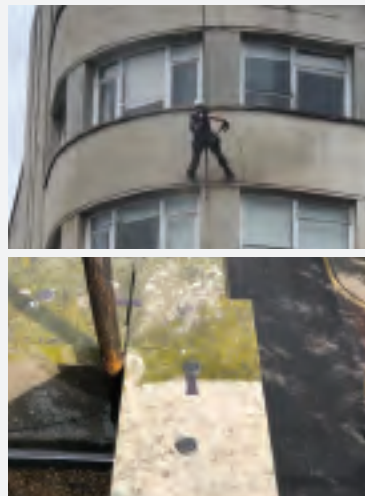

Case Studies

Industrial

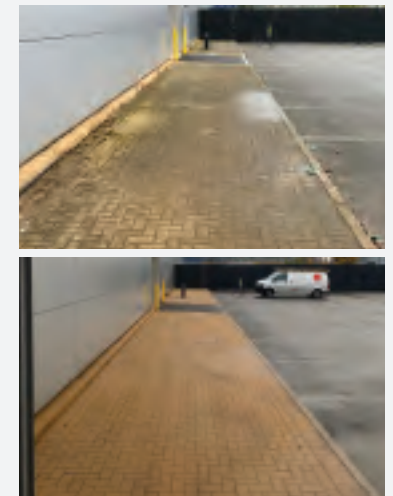

The Office Group St Nicholas House

This was an Abseiling Steam Cleaning project in a busy city location working in Bristol. Completed over 4 nights removing years of city grime and growth.

Carshop Nottingham

This was an old Homebase store turned into a Carshop, we undertook various cleaning elements including High Level cleaning to structure to 60 000ft², Industrial Floor Cleaning, External cleaning to 25 000 ft² of cladding, glass and canopies. Final Cleaning after completion over a 6 day period.

Interior

Ibstock Total 'Eclipse'

Health and Safety is at the core of how we work, for our clients, our staff and the general public.

You can see from the before/after pictures the difference an on-going and well-coordinated cleaning solution can make.

Asda Tamworth Sigma

Over a four-week period, our team of four professionals carried out a hygienic deal clean of 50,000ft² of dirt from the internal cladding of Asda Tamworth premises.

Case Studies

Industrial

Interior

Crown Farm Industrial Floor Cleaning

Part of a dilapidation and refurbishment project, we carried out the industrial deep cleaning to the 50 000 ft² warehouse floor on an Industrial unit in Mansfield.

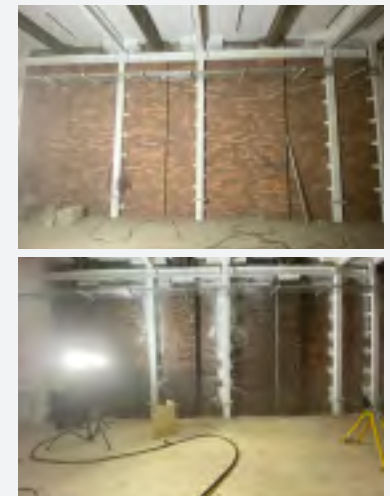

This was part of a package that included external, restoration cleaning, carpet cleaning, high level internal glass cleaning and final sparkle cleaning.

Pioneer House Brick Restoration

We were contacted by our Client after the painting contractor over sprayed paint on the brick work of this heritage building in Barnsley.

We spent 5 days blasting with a glass medium which gave amazing results and allowed these walls to remain on display for another 100 years.

Case Studies

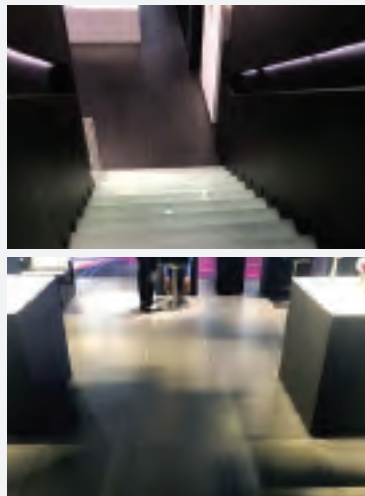

Interior & shop fitting

dyson

Dyson Deploy Retail Services

We were engaged to perform an entire clean of the store in the last 8 hours prior to the store re-opening after its refit.

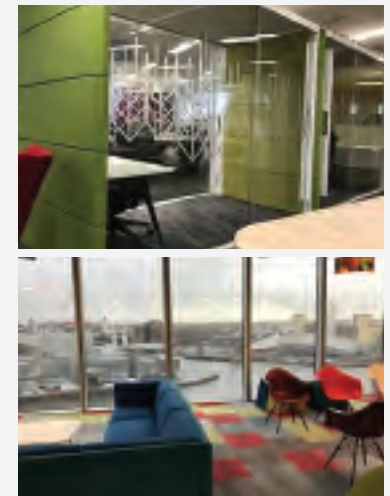

This required a high coordinated programme addressing specific areas of the store as the build works finished and re-stocking took place.

Kellogg's®

Kelloggs - Media City TSK

After 35 years in their office in Talbot Road, the company were keen to transform the landscape of their business to reflect their progressive ambitions for the future and move towards a more agile and adaptive organisation.

Commercial Cleaning

Louis Vuitton New Bond Street

After a phone call from the facility management side of Louis Vuitton, we were asked to carry out specialist high level cleaning to the flagship store prior to a very high level visit.

It was a quick turnaround to organise a team with the right equipment making sure we did not damage anything in this very high end environment.

CPP Moss & Algae Removal

We recently worked with CPP to remove moss and algae from one of their sites. The moss and algae was covering a large area outside of the building which was posing a slip hazard to their employees.

This included a full clean of the pavements surrounding the building, along with the exterior walls.

Customer Reviews

Excellents Service

Excellents service. Prompt, efficient and value for money.

Ian

Amazing work for our office fit-outs...

Amazing work for our office fit-outs across the country. Highly recommend.

Chris

Brilliant Service every time from...

Brilliant service every time from Howard and the Team,

Mark

Work is always perfect

I have been using The Real Cleaning Company for many years, their staff are always punctual when arriving to site and the quality of work is always perfect.

I will continue to work with them and would recommend any contractor looking for a company to complete builders and April's cleans pre handover to use The Real Cleaning Company.

Tommy

Competent, extremely reliable

We at Cardinal Project Management use The Real Cleaning Company on almost all our UK sites. From initial site visits through to a final sparkle clean I have always found them competent, extremely reliable as well as being good value. I am often amazed at the quality of the clean we get at ungodly hours. Keep it up Howard and the team!

David
